4. The School Council, in collaboration with the School Administrator, is responsible for preparing a clear statement of the school's objectives and for ensuring that appropriate strategic planning takes place in the school.
5. The School Council may establish working committees and ensure that members are actively involved in appropriate committee assignments.
6. The School Council should conduct an annual self-evaluation. The School Administrator should provide some input into the School Council's performance.
7. The School Council should engage in professional learning opportunities relevant to its capacity for its role in overseeing the operation of the school and fulfilling its governance accountabilities.
8. The School Council is responsible for keeping full and accurate minutes of its meetings and those of its committees. This responsibility is usually discharged by the Secretary.
9. The School Council should maintain an appropriate level of communication with other members of the school community.
10. The School Administrator is responsible for the management of the school, including curriculum, discipline, learning, teaching and staffing of the school. The School Council has no authority concerning the internal management of the school.
11. The School Council should ensure the policy decisions are reflected in the school's policies as and where needed.

12. The School Council should maintain a governance manual handbook to inform and guide its actions and decision making. This would be a valuable learning tool during the induction process of new Council members.

#### School Council Members Expectations and Code of Conduct

1. A School Council member's first obligation is to be informed about the school's, history, goals, current constitution, operations and concerns.
2. A new School Council member must engage meaningfully in the School Council's membership induction process. This includes participating in required learning sessions and completing required reading.
3. A School Council member who holds a current Working With Children Card should disclose these details for recordkeeping by the school.
4. A member should come to meetings prepared, having read the minutes of previous meetings, the agenda and meeting papers and other pertinent material for the meeting at hand, and should participate in the consideration of all matters before the School Council. Only through the sharing of diverse opinions can constructive decisions be reached.
5. School Council members have an obligation to participate respectfully in debates on issues before the School Council, from both a speaking and listening perspective.
6. A member should not hesitate to ask questions. A full understanding of the issues is a prerequisite to casting an informed vote.

7. The School Council as a whole makes decisions. An individual member should never seek to impose a personal agenda on the School Council or School Administrator. Members who are parents or school staff members must take particular care to separate the interests of the school, as a whole, from their own (or their family's) individual interest in a matter.
8. School Council members may not become involved in the operations of the school unless requested to do so by the School Administrator.
9. Members have an absolute duty of confidentiality with regard to School Council affairs. A member may not discuss with an outside party, matters under consideration in the School Council unless and until such matters have been disclosed publicly by the School Council.
10. Members must, at all times, abide by privacy requirements in relation to personal information known to them or in their possession, about any person involved in a school / School Council matter.
11. All members are required to support resolutions passed by the School Council and may not express views outside School Council meetings. No member may discuss with an outside party differing views that may have been expressed at School Council meetings nor who expressed them.
12. A School Council member must work collaboratively with fellow School Council members in a spirit of harmony and cooperation despite differences of opinion that may arise.
13. Members sit on the School Council as individuals charged with furthering the interests of the school as a whole and not those of any particular section of the school community. In particular, parent members sit on the School Council in order to ensure that a parental view may be expressed during discussions on issues. Such members are not present as representatives of any parent body and are prohibited from communicating School Council matters back to any parent body or parents generally.
14. School Council members must accept that their membership places special constraints on them as a member of the school community. Members must, in particular, exercise caution in conversations with others regarding school affairs, being ready to listen to opinions but not to offer them unless they are in line with resolved School Council opinions. Members may not engage in gossip, lobbying or other activities that could be seen as indicating a different view to that of the School Council or the School Administrator.
15. School Council members have a responsibility to support the School Council and School Administrator actively and to demonstrate that support within the school community.
16. A School Council member must refer any matter of internal school administration to the School Administrator and not become involved in matters outside the jurisdiction of a School Council member. A School Council member must not attempt to deal with such situations nor canvass such issues with other parties.

17. A School Council member must adhere to all of the School's policies and procedures.
18. A School Council member must report objectively observable behaviour which breaches or is suspected of breaching this or any of the School's Codes of Conducts, (other than those subject to mandatory reporting obligations) to the School Administrator, a designated senior staff member or the Council Chair.
19. A School Council member must uphold the school's assurance that protection from victimisation or other adverse consequences is afforded to any person, who makes such reports (as described in item 18. above), in good faith.
20. A School Council member should refer to this and Perth Waldorf School's Codes of Conducts for information on expected behaviours so as to be able to identify when a Code has been breached.
21. School Council members must, at all times, ensure that their decisions are consistent with the ethos of the school.
22. A School Council member embraces and is willing to further their understanding of Steiner Education.
23. A School Council member will disclose to the Council Chair or the School Administrator if they are charged with or convicted of a serious offence. They must also inform the School Administrator if they become the subject of an Apprehended Violence Order.

I will at all times support and promote a school environment that:
