Annual Report 2019

About the School

Perth Waldorf School (PWS) is set in natural bushland in Bibra Lake, a 20 minute drive from the centre of Perth. In 2019 PWS offered Parent and Baby Group, Toddler Group, Playgroup, Kindergarten, Primary and High School classes to children of 0 to 18 years of age.

Perth Waldorf School offers a complete Steiner Curriculum up to Class 12. The Curriculum is recognised by the State and Federal Governments. The curriculum is available from the school upon request.

The primary aim of PWS is the provision of high quality education based on the insights of Rudolf Steiner.

In the broadest sense, Waldorf education aims to:

- Awaken and preserve the child's innate sense of wonder, awe and reverence for life.
- Restore vitality to childhood by infusing the learning process with love and enthusiasm.
- Cultivate the child's capacity for clear thinking.
- Educate through the art of teaching.

In 2019 PWS has continued to enjoy enrolment growth which has been consistent and positive since 2012 with average growth, mainly in the high school where there is capacity to grow, of around 17 students per year. There has been significant investment in capital projects around the school to cater for the larger numbers of students, reflecting the school's commitment to providing a beautiful and nurturing place for its students.

Perth Waldorf School makes a significant investment in developing its staff by providing both professional development opportunities, and also time to come together to share programming responsibilities, carry out child studies, plan festivals, develop pedagogy and plan for the resources required to support our teaching programmes.

Attendance Rates 2019

Managing Student Attendance

Parents are asked to ensure that students arrive at school at least fifteen minutes before the school day begins. Persistent lateness without reasonable cause will lead to an investigation. Students will be expected to make up for lost time. Students leaving school early are required to supply a note, written by the parent/guardian, SMS or verbally over the phone from parent or guardian to their class teacher and sign out at the front office. All student absences must be accounted for by parents/guardians either by phone, note, email or SMS via the specified SMS number advised by the school. If necessary, the staff follow up student absences.

Absences in excess of 10 days per term must be notified by the Attendance Officer and Class Teacher to the School Administrator. A letter will be sent to parents whenever absences are of concern and when a report is made to the School Administrator. A meeting may be arranged with the parent/guardians and the School Administrator to discuss the situation.

Class	% Average attendance in 2019
Class 1	89.1%
Class 2	83.9%
Class 3	89.1%
Class 4	83.7%
Class 5	85.7%
Class 6	89.5%
Class 7	77.5%
Class 8	85.8%
Class 9	82.9%
Class 10	90.2%
Whole School Average	93%

The main reasons for non-attendance were illness and extended family vacations.

Management of attendance, including non-attendance is as per School's Attendance and Absences Policy and procedures found on the school website.

Feedback

Parent and community feedback is received through a variety of forms including parent nights, meetings with Faculty Coordinators and the School Administrator and through the school's Parents and Friends Association. There is also a "Class Carer" network which is supported by the school's Community Support Officers.

The School has a Grievance and Concern Policy and Procedures. The procedural flowchart and forms are available on the school website.

Staff feedback is received via faculty meetings, whole staff meetings, once-a-year Teacher employment intention forms, resource requests, meetings with the Faculty Coordinators and the School Administrator. The school remains small enough that issues of concern become clear relatively quickly and can be dealt with in a timely manner.

A Listening Circle is available each week allowing parents to meet with the School Administrator and discuss concerns and get information.

NAPLAN Results 2019

As part of the National Assessment Program – Literacy and Numeracy (NAPLAN), national tests are conducted in May each year for students in years 3, 5, 7 & 9. All eligible children at Perth Waldorf School sit the NAPLAN. Test results were provided to parents. In general, class groups score close to the National Benchmarks in all NAPLAN tests. When there are issues identified with the results, the school works with the relevant teacher to improve any deficiencies in Literacy or Numeracy.

NOTE: Most parents of Class 3 students chose to exempt their children from sitting the tests due to philosophical objections to the testing methods for that age group.

The school results where statistically significant can be found at <http://www.myschool.edu.au>

Senior Secondary Outcomes & Post School Destinations 2019

High School students come from a wide variety of backgrounds and leave to a variety of destinations including University of WA, Notre Dame University, Murdoch University, Curtin University, Edith Cowan University, TAFE, WAAPA and employment opportunities. University entrance is sought through TISC as non-standard schooling and alternative pathways. Students also have immediate access to the STAT test after graduating from PWS. This mature age entry test is usually reserved for 20 year olds and above but a relationship forged with TISC has ensured PWS students are able to access it earlier.

The school has tracked the post-school destinations of all the graduates since the first cohort in 2011. Of those who have applied to higher education, it is the school's understanding that all have been successful in gaining entrance. Detailed information on where students go after leaving PWS is presented at the High School Journey information evening held each year or when requested.

Class 12 decreased from 32 students in 2018 to 30 students in 2019. All students graduated and some of the pathways chosen by graduating Class 12 students are:

Conservation Biology at UWA

Music (majoring in Classical Performance) at WAAPA

Graphic Design at Curtin University

Geology at Curtin University

Megatronics & Computer Science at Curtin University

Psychology & Counselling at Edith Cowan University
