## 1. Purpose and Scope

This Bushfire Emergency Evacuation Plan (BEEP) has been developed to outline the required actions to prepare Perth Waldorf School (the School) before the bushfire season and those immediate actions to be followed to achieve the orderly movement of people, as far as practicable, in the event of a bushfire emergency occurring and having the potential to adversely affect the School while the site is occupied. **Parkerville Campus will operate under the Silver Tree Steiner School Bushfire Policy.**

To achieve this aim, the BEEP outlines activities to be undertaken by staff and students at the different levels of a bushfire emergency:

- on days of Total Fire Ban (TFB)
- on days of catastrophic fire danger rating
- when there is a fire in the local district
- when a bushfire is threatening or impacting on the site
- during the period immediately after a bushfire has impacted on the site (known as the 'Recovery Phase').

**The safety and wellbeing of students, staff and visitors is always the School's main priority.**

This BEEP outlines procedures for **Evacuation** to enhance the protection of occupants from the threat of a bushfire, as well as **Sheltering-in-place** (remaining on site) if site evacuation is not possible.

The Primary Action to follow under normal bushfire conditions is to: **EVACUATE** 

## 2. Responsibility and Roles

Responsibility for compliance to this process lies with all school staff.

Responsibility for ensuring an annual process review and update lies with the School Administrator. This is mandated to be done by 15<sup>th</sup> September each year. (To be calendar prompted)

**Table 1: Roles and Responsibilities**

Name of Person	Role	Phone No
Bruce Lee	TASK 1 - CHIEF FIRE WARDEN	
Giorgia Santacatarina Brooke Fuller	TASK 2 - Reception & Absentee Management	
Sunu Rozario Dennis Garac	TASK 3 - Sound Alarm & Back up Large Field Gate Control	
Annabelle Kellenberger	TASK 4 - High School Coordinator	
Kevin Mazzer Michelle Douglas	TASK 5 - Primary School Coordinator	
Lisa Payne Tracey Harris	TASK 6 - Early Childhood Coordinator	
Kelly Prosser Melissa Olivari-Brown Alice Fremy	TASK 7 – HS, medication & Large Field Gate Control	
Peter Kraayvanger/ Francesco Simoncini	TASK 8 – Gwilliam Drive Gate Control and DFES support	
Tom Chandler	TASK 9 – Kindy Staff Gate Control	
Diane Lovett Candice Mersch	TASK 10 - First Aid Officer	
Leah Brown Sonja Michielsen Karen Morley Connie Portelli	TASK 11 – Class markers on field and Closing Admin	
Fiona Peters	TASK 15 - SCRIBE	

### 3. Fire Information and Contact Details

Table 2: Emergency Contact Details

1. The Emergency Number to dial for police, fire and ambulance is:

**000**

Phone the DFES Emergency Public Information Line on 13 33 37

Or online at [www.emergency.wa.gov.au](http://www.emergency.wa.gov.au)

2. Murdoch Fire Station:	9313 8177
3. Murdoch Police Station:	9313 9000
4. City of Cockburn Administration Centre	9411 3444
5. Main Roads WA (Road Closures)	138 138

Visit the DFES Website: [www.dfes.wa.gov.au](http://www.dfes.wa.gov.au)

Or listen to regular radio updates, 15 minutes after the hour on ABC Radio if major bush fires threaten lives or property. Frequency: **720 AM**

The fire danger rating and weather forecast for Perth Waldorf School is best found at:

<http://www.bom.gov.au/wa/forecasts/perth.shtml>

Look under Perth forecast and Coastal Plain and/or recorded information line on 1300 659 210

### 4. Bushfire Preparation and Awareness

#### 4.1 Preparedness

Preparation prior to and during the declared bushfire season is paramount to increasing the school and its occupants chance of surviving a bushfire event. **Appendix 1** provides a list of bushfire preparations that should be carried out within the school prior to and during the bushfire season including:

- general housekeeping
- preparation of Safer Building Location (Williams Hall)
- ongoing review of this BEEP and required training

- undertaking all required management measures from endorsed Bushfire Management, (summarised in [Appendix 1](#) to ensure these requirements are also captured as part of the preparation tasks).

## 4.2 Fire Danger Ratings

Fire Danger Ratings (FDRs) are issued by Department of Fire and Emergency Services (DFES) and indicate how dangerous a fire would be if one took hold on any particular day. An FDR of Catastrophic or Extreme means that a bushfire that starts is likely to be so intense that even well-prepared, well-constructed and actively defended homes may not survive. Under these conditions, DFES advice is to evacuate in the days or hours before a bushfire might threaten to increase the chances of survival.

Understanding the FDR categories and what they mean to the school will help administration to make decisions about what to do if a bushfire starts.

The FDR is typically updated daily after 4pm.

## 4.3 Emergency warnings

During a bushfire, DFES will issue community alerts and warnings for bushfires that threaten lives and property.

The following warnings may be issued:

- **Advice** – a fire has started but there is no known danger, this is general information to keep you informed and up to date with developments.
- **Watch and Act** - there is a possible threat to lives and homes. Conditions are changing, you need to leave the area or prepare to actively defend your home to protect you and your family.
- **Emergency Warning** - you are in danger as your area will be impacted by fire. You need to take immediate action to survive. Listen carefully as you will be advised whether you can leave the area or if you must shelter where you are as the fire burns through your area. An emergency warning may be supported with a siren sound called the Standard Emergency Warning Signal (SEWS). These factors should be reviewed on a regular basis as they may change at any time and without notice.
- **All Clear** - the danger has passed, and the fire is under control, but you need to remain vigilant in case the situation changes. It may still not be safe to return home.
